

Spray-Lock Concrete Protection
SCP Application Information Log

Record the project information below for each applicaton.

Project Name:

Project Address:

| Placement 1 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 2 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 3 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 4 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

Spray-Lock Concrete Protection
SCP Application Information Log

Record the project information below for each applicaton.

Project Name:

Project Address:

| Placement 5 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 6 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 7 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 8 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

Spray-Lock Concrete Protection
SCP Application Information Log

Record the project information below for each applicaton.

Project Name:

Project Address:

| Placement 9 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 10 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 11 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |

| Placement 12 | | Project information: At time of application | |
|-------------------------|------------------|---|---|
| Date Applied | Time Applied | Square Footage | Quantity Applied (#of 5-gallon buckets) |
| Air Temp | Ambient Humidity | Product Lot # | Concrete Surface Temp |
| Location of Application | | Surface Finish | Sprayer Type for Application |
| Notes | | | |
